Objective

Aspiring Python Developer with a strong foundation in object-oriented programming, data structures, web frameworks (Django/Flask), and database management. Seeking to leverage hands-on project experience and a passion for writing clean, efficient code in a collaborative development role that fosters continuous learning and innovation.

Education

MCA (Pursuing) – STES's Sinhgad Institute of Management, Pune	2024-2026
BCA (CGPA - 8.25) – MES's Abasaheb Garware College, Pune	2021-2024
12 th HSC (85.17%) - MES's Abasaheb Garware College, Pune	2021
10 th SSC (85.80%) – L.B.K.C. High School, Pune	2019

Technical Skills

Languages:	Python, SQL
Frameworks & Libraries:	Django
Deployment & Web Tech:	Streamlit, AWS
Tools:	VS Code, Jupyter Notebook, Git
Soft Skills:	Communication, Collaboration, Problem Solving, Critical Thinking, Adaptability

Projects

1. Nagrik Aavaj

Python, Django, SQLite, HTML, CSS, JavaScript

- Created a multi-role complaint routing platform (citizens → NGOs → government) for public grievance redressal.
- Implemented role-based dashboards, complaint tracking, and status escalation mechanisms.

2. Smart Verdict – Law Firm Website

Python, Django, SQLite, HTML, CSS, JavaScript

- Built a professional law firm website with attorney profiles, practice area pages, and client consultation booking.
- Implemented Django models for dynamic content management and form validation for client inquiries.
- Delivered a responsive, client-facing platform suitable for legal service providers.

3. Epic Blogs – Bloggers Website

Python, Django, SQLite, HTML, CSS, JavaScript

- Developed a full-featured blogging platform supporting CRUD operations, user authentication, and role-based authoring.
- Added comments, categories, search functionality, and mobile-responsive design.
- Demonstrated end-to-end Django expertise including database relationships and front-end integration.

4. Portfolio Website

HTML, CSS, JavaScript | Responsive Design

- Built a responsive personal portfolio to showcase projects and skills for recruiter outreach.

Internships

1. UptoSkills – AI/ML Intern (Current)

- Currently pursuing AI/ML internship, building Python-based machine learning models and exploring deployment strategies.

2. VaultofCodes – Python Intern (09/2024 – 10/2024)

- Developed Python-based applications and scripts, focusing on clean code practices and problem-solving.
- Gained hands-on experience with core Python concepts, data structures, and debugging techniques.

3. **Sync Interns – Python Intern (03/2023 – 04/2023)**

- Built Python projects focusing on logic building, function implementation, and basic application development.
- Practiced version control and collaborative coding fundamentals.

Extracurricular

1. **National Service Scheme (NSS)**

- Completed 3 NSS camps at college level
- Received Best Group Award in a cultural program at NSS camp

2. **Police Administration (Vishrambaug, Pune – Experiential Learning Program)**

- Participated in hands-on learning with local police administration

3. **Worked with Various NGOs**

- Collaborated on community service and social welfare projects

Certifications

NASSCOM Python – Coding Ninjas | March 2021

TCS iON Career Edge – Young Professional | October 2021
